

Further information & inventory - Blaeberry Cottage

Blaeberry Cottage is a 3-bed mews cottage located on the north-west corner of the courtyard. It has fantastic views over adjoining farmland down the hill towards the ocean and the islands beyond (Gigha, Islay, Jura). Outside, you will find plenty of parking on the shingle driveway, as well as grassy areas to sit/play with picnic tables. Superb sunsets can be experienced from this location - be sure not to miss it! The interior décor is themed on dark purply-blue of the native blaeberry, with antique-type furniture. Floors are oak or cream carpets. The heating is underfloor electric storage heating, assisted by eco-friendly 'under-ground heat source' piping laid outside (electricity is included in price). Beds are fully made up using feather duvets and pillows as standard (please request non-feather if preferred)
